Survey Questions

Domains

The MI Student Voice: Educator Perception Survey consists of seven domains: Leadership Effectiveness, School Satisfaction, Belonging, Relationships & School Culture, Instructional Resources, Respect & Support, and Educator Effectiveness.

Scale

Educators answer questions using two different scales: Frequency Scale and Perception Scale.

A frequency scale measures the rate at which something occurs. The five-point scale is associated with a numerical value in order to find the average response to each question and domain. The higher the average, the better the student experience.

(1) Almost Never (2) Rarely (3) Sometimes
(4) Often (5) Almost Always

A perception scale measures how a student feels about a subject. The five-point scale is associated with a numerical value in order to find the average response to each question and domain. The higher the average, the better the student experience.

(1) Not At All (2) Slightly (3) Somewhat
(4) Quite (5) Extremely
